CAPABILITY STATEMENT

WAGNERS

WAGNERS GROUP

WAGNERS GROUP

Wagners is a diversified Australian construction materials and services provider and an innovative producer of New Generation Building Materials (NGBM). Our NGBM division is leading the way with high-strength, lightweight, low-carbon alternatives to traditional construction materials. Established in 1989, Wagners is an ASX-listed company operating in domestic and international markets.

NEW GENERATION BUILDING MATERIALS (NGBM)

Our Earth Friendly Concrete® (EFC®) and Composite Fibre Technologies (CFT) are pioneering more sustainable solutions for concrete and hardwood. Composite Fibre products are lightweight and have a long life span as they do not rust, rot or corrode.

CONSTRUCTION MATERIALS AND SERVICES (CMS)

Wagners' Construction Materials and Services (CMS) division manufactures and sells cement, flyash, reinforcing steel and aggregates. We also provide mobile and on-site concrete batching, crushing and haulage services.

WAGNERS GROUP PRODUCTS AND SERVICES

ENGINEERING SOLUTIONS

Wagners' Engineering Solutions work hand in hand with all divisions of the Wagners business and external customers to ensure the successful completion of every project, no matter the size or location.

The team collaborate with engineers to build Concrete Batch Plants, pultrusion machines to produce Composite Fibre products, bridge propping on project sites to transport equipment and a Wharf on the Brisbane River with the capacity to service cargo ships carrying up to 40,000 tonnes.

Engineering Solutions design, certify, fabricate and install structural steel and infrastructure. Additionally we perform services, repairs and maintenance on all vehicles and equipment, and custom modifications of OEM equipment.

WAGNERS IS ISO 9001, ISO 14001 AND ISO 45001
CERTIFIED, ACCREDITED BY SAI GLOBAL.

ENGINEERING SOLUTIONS

SERVICES WE PROVIDE

The services we can supply are fabrication, machinist, processing steel capabilities, painting, panelling, sandblasting, procurement, logistics, mechanical, maintenance and electrical needs. So we can keep your machinery and vehicles operational and also produce custom components for your projects.

We have the ability to operate 24/7 if your project requires, to ensure your project deadlines are met. We can also offer you immediate access to heavy fabrication and surface finishing equipment.

Wagners employees are skilled and experienced and will deliver an outstanding service. Our staff are able to adapt to different working environments, are reliable, focused and committed to producing quality products designs and solutions.

We have a specialist fabrication and repair workshop that develops equipment, keeps machinery and vehicles operational and produces custom-made components for projects.

At our maintenance facility in Toowoomba and our mobile workshops we can modify Original Equipment Manufacturer (OEM) equipment to improve its versatility, manufacture equipment and provide efficient repairs to any fleet. We use a computerised maintenance management and procurement system to ensure timely maintenance and accurate records.

We also participates in the Best Practice Network, which benchmarks efficiency, quality, safety and other measures relevant to the industry.

ENGINEERING DESIGN

ENGINEERING FABRICATION

CAPABILITIES

- » Building size – 4,100 m²
- » OH Crane sizes – 2 x 5 tonne and 1 x 20 tonne overhead Gantry cranes
- » Yard size –
- » Frannas on-site – 20 tonne and a 25 tonne franna pick and carry crane
- » Water Jet cutting bed – 2 meter x 4 meter bed with multi axis cutting head
- » CNC Mill – Leadwell V50 4 axis machining centre
- » Paint booth – 17 meters long x 3 meters wide x 5 meters height
- » All fabrication carried out to AS/NZS1554.1 by qualified tradesman
- » 6G TIG 304SS Qualified welders
- » NDT services utilising accredited third party
- » NC Press Brake - 4m x 80t
- » Blast Booth – 25 meters long x 4 wide x 6 height
