

WAGNERS

PRECAST CONCRETE

Wagners precast concrete has had extensive experience in manufacture of precast and prestressed concrete elements to exacting specifications for major infrastructure projects around South East Queensland and has supplied precast concrete bridge deck units as far north as Sarina and into south west Queensland. We have also manufactured a range of client specified precast concrete elements including post tensioned water reservoir panels, concrete batch plant bins, dam wall face panels and fish way structures.

PRESTRESSED CONCRETE

- » Bridge Decks
- » Bridge Girders
- » Piles
- » Beams

OUR WACOL SITE INCLUDES A NATA
CERTIFIED LABORATORY, ISO9001
ACCREDITED TO MRTS 70, 72, 73
AND RMS C2 CATEGORY.
